

Jermyn Borough  
**Work Session**  
June 11, 2026

The Jermyn Borough Council held a work session on Thursday, June 11, 2026, at 7:00 p.m. in the Council Chambers of the Jermyn Borough Building, 440 Jefferson Ave, Jermyn, PA 18433.

The meeting was called to order by President Frank Kulick, who led the Pledge of Allegiance.

On roll call, the following members were present: Bobbi Ann Davis, Frank Kulick, Jeff Morcom, Carl Tomaine, and Chris Cook. Also, Mayor Stacey Cook was present.

**Code Enforcement:** F. Kulick advised that they will consider hiring a new code enforcement officer at the next council meeting. After holding an interview and reviewing the applicant's training certificates, he looks like a great candidate for the job. He is currently holding this position in other boroughs and townships and should be a great benefit to the borough.

**Artisan Fire Company Resolution:** F. Kulick states that we should move forward with the revised resolution for the fire company at the next meeting, as it was tabled at the last meeting.

**E-Bikes:** F. Kulick advised that the police department has mentioned some issues with E-bikes and scooters in town. Laws are being passed, but most residents aren't aware of these new laws and regulations. At the PSAB Conference, he had spoken with a couple of other municipalities to see if they have the same issues and how they are handling the situation, and a couple mentioned that they have passed ordinances to get the information out and ensure they are aware of the laws and penalties. He would like to see if everyone would agree at the next meeting to have the solicitor create an ordinance for the borough to be reviewed and passed in the future.

**DPW Garage Ceiling:** F. Kulick, in looking at getting quotes and a possible grant, I did reach out to the solicitor to see if we end up with any American rescue funds, could they be used, and he said yes, it would fall in the guidelines, so we can push to get this possibly done before winter. S. Lee advised that they currently only have one quote, but she has reached out to a couple of others to try to get the three quotes that would be required.

**Rushbrook Creek Project:** F. Kulick did some research on the remaining holdouts for the easements. It appears that the remaining addresses all belong to one resident. Another attempt will be made, as the original paperwork was also sent under her maiden name and of her current maiden name.

**Intersection Eynon Jermyn Rd and Washington:** C. Tomaine questioned where we stand with this intersection. S. Lee advises that an LTAP study is being done, and everyone will be meeting on June 25<sup>th</sup> at 9 a.m.

**Tree at the entrance of Old Mill:** B. Davis advised that there is a dead tree on the island at the entrance. Can we confirm it is the borough's and see what it would cost to have it removed?

**Mayor Signs:** B. Davise stated she was told Cerra Signs might be able to help with the signs and will reach out to them. S. Lee advised that she is currently still waiting for the quote she requested from Jaworski Sign Company in Scranton.

**Printers** - S. Lee requested that we look into getting new printers for the Office and Police Department in the future so we can add them to the budget.

A handwritten signature in cursive script, appearing to read "Shannon Lee".

Respectfully submitted,

Shannon Lee, Secretary/ Treasurer
