Good Things to Know

PENNSYLVANIA LAW

Did you know Pennsylvania defines an e-bike as a “pedalcycle with electric assist”, meaning it must have operable pedals, a motor of 750 watts or less, and a motor-assisted speed capped at 20 mph? Bikes exceeding these limits may be classified as motor-driven cycles, requiring registration, licensing, and insurance. There are age and helmet requirements with the minimum age of sixteen

years of age to operate on public roads. **Did you know** Jermyn has rules too? Be sure to take time to review the new Recreational Motorized Vehicles and Electric Bicycles Ordinance on our Borough website to learn more!

Safety TIP: Helmets are recommended for all ages, be visible, wear proper protective gear, control your speed and enjoy the ride!

TRAFFIC STUDY UPDATE

Staff with the PA Department of Transportation conducted a preliminary review to prepare for a traffic count study at the intersection of SR 1032 and Washington Avenue. Based on their initial assessment, the decision was to defer collecting traffic counts until school was back in session. This reasoning is due to the increased traffic as the data collected would provide a true realistic view to determine if changes are truly necessary. The recommendation was to wait a couple weeks after school began for traffic patterns to get settled (people adjusting commute times to avoid buses, parent drop offs, etc.). At this time, we are currently waiting for the study results, stay tuned for more...

Code Enforcement Officer

It's Official! Jermyn borough now has a CODE Enforcement Officer, Joe Unis.

Welcome to Jermyn, Joe! Did you know a Code Officer inspects properties, investigates complaints, and enforces local building, zoning, housing, and safety codes to ensure community compliance? How is this done? Joe works with property owners to correct problems and enforce building codes by giving citations, warnings, noncompliance notices and possible fines when necessary.

John Jermyn Mayor Stone Replacement

Have you noticed the large crack in the John Jermyn Mayor dedication stone in front of the borough building? **Good news** — it's been replaced! No sneak peek here. Stop by the borough building and check out the brand-new stone in person.

Winter Weather is Coming..

Here are some helpful reminders to help get us through any storm.

- Please remember and adhere to alternate parking rules. Notification reminders are sent via our Rapid Cast system for large storms. However, it is helpful to follow during any storm that calls for Tony to bring out the plow truck.
- Don't forget our firefighters. If you live near a hydrant, please consider taking some time to shovel out a three-foot section around each hydrant. It could make a huge difference in the event of a fire in your area.

Why did the snowman go to the doctor? He was getting chills.

- Always dress in layers, wear a warm hat, and keep your hands in your pockets or gloves to avoid frostbite.

Celebrating 100 Remarkable Years:

Happy Birthday Irene Kaufmann

What a Day in Jermyn! Sunday, August 9th wasn't just another Sunday in the Borough of Jermyn — it was a once-in-a-lifetime celebration! Our community came together in a big way to honor Irene Kaufmann's 100th Birthday, a milestone that shines as brightly as she does.

The Jermyn Methodist Church hosted a joyful open house filled with family, friends, neighbors, and well-wishers who gathered to celebrate Irene's incredible century of life, love, and legacy. Adding to the excitement, Mayor Stacey Cook marked this historic occasion with an official proclamation, declaring August 9, 2026 as "Irene Kaufmann Day" in the Borough of Jermyn — a tribute befitting a woman who has touched so many lives.

Happy 100th Birthday, Irene Kaufmann!
